THE FALL OF COMMERCIAL BABYLON IN THE END-TIME

INTRODUCTION:

When examining THE FALL OF COMMERCIAL BABYLON (Rev.18:) during the Tribulation Period, it is important to keep in mind that RELIGIOUS BABYLON and POLITICAL / COMMERCIAL BABYLON are connected. This connection is revealed when the FALSE PROPHET causes people to receive the mark of the Beast in order to conduct commerce (the liberty and ability to buy and sell).

And he (False Prophet) causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

Rev.13:16,17

As well, any thorough study of end-time Babylon should also be prefaced with a study of historic Babel and Nebuchadnezzar’s Babylonia. What the word of God says about the Babylon of antiquity may give insights into the Babylon of the future. Further, what does the book of the Revelation reveal that would give one a greater understanding, regarding the picture of end-time Babylon’s political and commercial endeavors. This lecture will emphasize “commercial” Babylon rather than “religious” Babylon. Its ultimate focus will be on the FALL OF COMMERICAL BABYLON.
